- Task Execution Details:** A section showing a table of venue and drop-off points. The table has columns for Venue Name, Drop-Off point, and Distance. The data is as of 29-Mar-2024, 9:55 am, viewed as Paila Bhargavi.
- Volunteer Task:** A section showing a bar chart of Record Count versus Volunteer ID. The chart shows a record count of 1 for Volunteer ID 4 and 2 for Volunteer ID 2.
- Venue Form:** A form for adding a new venue. It includes fields for Venue Name, Email (pre-filled with you@example.com), Phone, and Venue Location. A Next button is at the bottom right.

9. FoodConnect Home Page would Look Like this.

Conclusion :

By leveraging the Salesforce platform, the project successfully established a streamlined and transparent system for managing surplus food donations. Through efficient coordination with volunteers and timely delivery to beneficiaries, the project effectively addressed food insecurity while maximizing the utilization of available resources.
